DBU

How do I use the Shift Column and Shift Text scrollers in DBU?

Your mouse can be used within DBU to activate a drop down Menu from the Menu Bar, Select an option from a drop down Menu and Shift left and right through the fields when in Multiple Record mode.

To activate the use of the Mouse, do the following:

1. Click on the EDIT menu at the top of your 5250 session.
2. Click on the preferences tab then select Hotspots.
3. Uncheck the nn box under the ‘Point-and-Select Hotspots section.
4. Check the ‘Enter at cursor position’ box under the ‘Point-and-Select Commands’ section.
