

DBU

Can DBU change physical files from DDS to tables using DDL?

Yes. DBU the file and then F4=List fields and then F9=Export fields and select SQL. The command key (F9) brings up a window to select export to either DDS or SQL. For more information, view the bottom of page 42 of our DBU [online documentation](#) or contact technical support at 800.228.6318.
